

Preparations for your visit in Sweden

A. Your future job

Career test:

Each student takes this career test. <https://www.123test.com/career-test/>

Fill in the form:

After finishing the test the student will get a personal report of personality type and a list of suggested suitable jobs. The students will need these results when they answer this form <https://forms.gle/WFnFUpJn39Wm2nkt9>

Results:

We put the results together on a group level and present them at the meeting in Sweden. The students should also note their own individual answers in the form in order to be able to discuss future jobs in groups during the meeting.

B. Future jobs in your country

Key question:

How will employment in your country change in the near future and in what sectors will the demand for workers increase the most?

Presentation:

Make some kind of presentation of your findings. Each student has to be prepared to present it to a smaller group of students from different countries.

Resource:

You will find the necessary statistics at this site
